HARPER + PARKYR

DESIGN HOUSE

Hello,

Thank you for choosing Harper + Parkyr Design House to transform your space. We are excited about our new partnership and cannot wait to bring your ideas to fruition.

By this time, you have received your payment confirmation. Next up is our client consultation on [date and time]. For 1 hour and 15 minutes, our team will meet with you at the project site located at [address] to assess the needs and outline your high-level goals.

Ahead of the consultation, we will get an idea of your style with a questionnaire. At the walkthrough, we will tour the space and discuss your priorities and problem areas. You'll be able to review fabric, wallpaper, and paint swatches as needed for your project and select up to five colors that you like best. At the close of our time together, you will have base recommendations and an idea of the possibilities we envision within your space.

We will review our packages and a la carte services and brief you on our design process and next steps, including your project kickoff. You'll hear from us again to establish your budget via the budget worksheet. Don't worry, we will include instructions for using the tools and can also assist you personally.

Written proposals are provided within 3-5 business days. Ahead of the final sign-off, our team will provide a copy for your review and are available to answer questions regarding the terms of the service contract.

To help us define the scope of the project and provide accurate costs, we encourage clients to consider budget, colorways, patterns, lighting, window treatments, furniture, decor, non-negotiables, and other details of design in advance of our meeting. We recommend preparing a list of questions or concerns that would be of interest to the project.

This guide provides insight into Harper + Parkyr Design House, our services, and other pertinent information to help maximize your time with us. We pride ourselves on providing superior customer service and look forward to collaborating with you.

Thank you again for choosing to partner with us.

Warm Regards,

Deja Alexander

Founder + Principal Designer

Founder + Principal Designer

Hi! I'm Brijé Alexandra, and I'm a Washington, DC native. Like most, I spent my early years admiring the strict neoclassical style of the city, which sparked my interest in design and architecture and spearheaded what would later become Harper + Parkyr Design House. As an interior designer, I lean on my bold and eccentric design style to transform blank canvases into grand, highly functional spaces. My goal, always, is to reflect the interests, style, and needs of my clientele.

Why choose Harper + Parkyr Design House?

Harper + Parkyr Design House recognizes the power of color and texture and its relationship to the human psyche. At the center of each project is the belief that your environment has the power to regulate mood, productivity, and ultimately livelihood. We are a mid-level concierge interior design firm—eliminating the hassle of project and vendor management, budget management, and clean-up. We forge lifelong relationships with our clients and pride ourselves on delivering an exceptional experience throughout our partnership and after.

What can you expect from Harper + Parkyr Design House?

Harper + Parkyr Design House provides an adventure for residential and commercial clientele seeking luxury interior service. Together, through discussion and our interactive approach, we develop your custom concept with our signature finish—taking it from your mind to paper, and ultimately, your room of choice.
